

## The App that's always On Call

From the All Clear Foundation, this confidential app provides Emergency Workers a safe place to connect and chat anonymously with each other.

Available 24/7, ResponderRel8 provides a platform for Emergency Responders and Frontline Medical Workers to connect with others who have similar lived experience, normalizing the stressors and challenges of the job while increasing connection.

- Responders are routinely called to deal with the worst days of others' lives.
- No one understands the demands of this duty better than other Responders.
- The job can leave us feeling lonely, frustrated, and misunderstood sometimes.
- We all benefit from having someone - who gets it and doesn't judge - to listen.

## ResponderRel8 supports all Responders— career and volunteer, hire through retire.

- Law Enforcement
- Fire
- EMS
- Dispatch
- Frontline Medical Workers
- Ski Patrol
- Disaster Responders
- Crisis Counselors
- Corrections
- Coroner's personnel
- Wildland Firefighters
- Other Responders
